

MECFOR

MECHANICS FOR MANUFACTURING & SUBCONTRACTING

ELECTRICAL SUBCONTRACTING

1. Cem (Contract electronics manufactures)
2. Cabling
3. Ems (Electronics manufacturing service)
4. Pcb's (Printed circuit board manufacturers)
5. Engineering and design studies
6. System Integrator

MECHANICAL SUBCONTRACTING

7. Contract work and industrial subcontracting
8. Design
9. Precision mechanical machining
10. Metal carpentry
11. Mechanical engineering
12. Fasteners
13. Foundries
14. Small parts producers
15. Processing of wire
16. Industrial manufacturing
17. Micromachining
18. Surface treatments

PLASTIC SUBCONTRACTING

19. Plastics, rubber and composites processing
20. Innovative materials
21. Printing
22. Productions for extrusion
23. Packaging
24. Production for blowing
25. Moulding
26. Models
27. Calendered production
28. Standard components for moulds
29. Design
30. Simulation and design softwares
31. Micro-machining

1. Turning machines
2. Drills and drilling machines
3. Boring machines
4. Milling-boring machines and Milling machines
5. Machining centers
6. Flexible manufacturing cells and systems
7. Transfer machines and unit heads
8. Grinding machines
9. Tool sharpeners
10. Gear cutting and finishing machines
11. Planing, shaping, slotting and broaching machines
12. Sawing and cutting-off machines
13. Threading and screwing machines
14. Honing and lapping machines
15. Deburring, and chamfering machines
16. Sheet metal cutting machines
17. Sheet metal blanking, punching machines
18. Sheet metal forming machines
19. Sheet metal working cells and systems
20. Presses
21. Bar, section and tube working machines
22. Wire forming machines
23. Machines for the production of bolts, screws, nuts and rivets
24. Metal forming (massive), forging and extrusion machines
25. Electroerosive and other electrochemical machines
26. Machines for marking and engraving
27. Machines, systems and materials for additive manufacturing and 3D printing
28. Micromachining
29. Welding machines and apparatus
30. Machines and equipment for foundry and die-casting
31. Heat treatment machines and equipment
32. Machines and systems for use in surface technology
33. Assembly technology and industrial robots
34. Production services (maintenance, calibration, equipment)
35. Certification

1. Turning machines
2. Turning centers
3. Hybrid and additive machines
4. Sawing machines
5. Cutting tools
6. Tool holder accessories
7. Fastening, clamping and feeding equipment
8. Mechanical components
9. Electrical and electronic equipment
10. Controls and drives
11. Lubrication and cooling
12. Waste disposal equipment for processing
13. Metrology, quality control and product identification
14. Production and Product Development Software
15. Environment, security
16. Services for industry and logistics
17. Industrial automation
18. Institutions, associations, trade press
